Dear Ms. Hassall,

As President of the Society of Graduate Students at Western University, I am writing to confirm our commitment to the joint initiative between CMHA Middlesex, Western Student Health, SOGS, the USC, Fanshawe College, and Kings College. SOGS has been active in advocating for mental health services and in aiding our members in accessing these services. Therefore, if the proposed walk-in crisis satellites on campus are funded by a Community Vitality Grant, we will continue to be involved with the initiative and will promote the services to our members.

Sincerely,
